Sports Premium Breakdown of funding 2016-2017

Every school in the country receives additional funding to spend on P.E. (Physical Education). The aim of this funding is to encourage more active and long term participation in sport.

We have used our extra funding to employ our sports coach to provide additional opportunities to enhance the provision of P.E.

We use our sports premium money to fund additional lunchtime provision during the week.

The aim of providing this additional coaching across the school from year 3 to year 6 is to challenge children in constructive, organised games, ensure that all children (especially those who are overweight, unfit or not enthusiastic participants in P.E lessons) are physically engaged and can use apparatus safely and effectively. In addition, there are the social benefits of being a team member and sharing as well as improved fitness and encouraging resilience.

We participate in every competition run by Westminster, as well as running our own inter-house games.

The Westminster Sports Unit annually records data and awards points to each school based on their participation and performance in sports competitions throughout the academic year and the various professional network meetings held for P.E. leaders.

In 2015-16, of the 42 Westminster primary schools, St Vincent de Paul was placed FIRST overall having attended 16 competitions, winning 12 and finishing second in 3 of them.

At St Vincent de Paul, we also offer alternate weekly swimming lessons to every child throughout years 3, 4, 5 & 6.

The school received £8000 plus £5 per pupil for the academic year 2016 – 2017. This funding is used towards the following costs:

- Tuesday Sports Club, KS1 (years 1 & 2) =£1340 per year
- Wednesday Sports Club, KS2 (years 3-6) = £900 per year
- Friday Sports Club, Lower KS2 (years3 & 4) =£900 per year
- Lunchtime clubs (Monday, Tuesday, Wednesday, Thursday, Friday) = £7,875 per year
- Total expenditure = £11,015
